## "Rules of Order"-ing

This list cancels all previous quotations, and the terms and conditions shown will carry for Fall, 1928, in all offers to the trade.

**The prices** printed in this list are based upon present market conditions, and are for immediate acceptance, subject to change without notice and stock being unsold. All goods are offered f. o. b. West Grove, Penna.; **packing extra** at cost or **free for cash with order**. **We sell 250 of a kind at the 1,000 rate and 25 of a kind at the 100 rate.**

**Orders are booked** with the understanding that they shall become void should injury befall the stock from flood, error in count, drought, fire, or other causes beyond our control.

**Shipments** travel at purchaser's risk and in the absence of definite instructions from the buyer, stock will be forwarded according to our best judgment without assuming responsibility.

**Claims**, if any, must be made immediately on receipt of goods.

**Terms** cash, except to those with established credit, who may make special arrangements for payment.

**We endeavor to keep varieties true to name** and will replace, on proper proof, any not true; but we do not guarantee the success of the grower. In event of untrue stock, our liability must be limited to invoice value at time of shipment.

**Copy of Pennsylvania State Certificate of Inspection on all orders.**

**We invite correspondence** from prospective buyers, but ask that all communications be written on printed business stationery so that we can grant trade prices to only those individuals or firms actually entitled to receive them.

**The plant names used** in this list conform, for the most part, with "Standardized Plant Names," adopted by The American Joint Committee on Horticultural Nomenclature.

**Members** American Association of Nurserymen, Eastern Nurserymen's Association, Pennsylvania Nurserymen's Association, etc.

## Pep up Your Profits with this Guide!

If you have decided that you are through selling cheap stock at less-than-cost prices and that you want to grow and offer plants of finer quality and improved variety, at a decent profit, you're looking at a trade list that will, we believe, be the right ticket for you. Gentlemen, these products are not offered by an inexperienced concern which thrusts off on you the results of its inexperience at what may seem like low prices. No! The stock here listed is being put on the market by an established firm (in business since 1897) with a reputation for products plump with quality. The establishment is aided by a competent, trained personnel on duty constantly in all departments to give you a full measure of value and service.

Which builds your bank account? To sell, for example, the common *Forsythia Viridissima* at a low figure, because it's so plentiful you are afraid to ask more, or to offer the newer, improved *Forsythia Spectabilis*, several times more valuable, at a nice velvet profit? You know the right answer—guide your profits accordingly, and be guided, too, by the dots (●) shown in this list. They indicate for you the real money-making items. Choose them, and you raise your standard as a nurseryman!

# Lining-Out Evergreens

Our famous 2 $\frac{1}{4}$ -in. pot plants  
250 of a kind at 1,000 rate

“The root’s the reason” for the popularity of these  
pot-grown Evergreens

Figure better stands with these Evergreens from 2 $\frac{1}{4}$ -in. pots! Grown slowly and thoroughly within the guarded space of small pots alive with rich soil, they have made more roots. Set to your fields, the pot balls protect the plants until the stock becomes well established in your ground, ready to work for you. And produced by an established firm, with a reputation for the high quality of its Lining Out Stock, these Evergreens assure you more for the same money you would lay out for inferior quality.

## EVERGREENS

### **BUXUS sempervirens.**

*Common Box*

A faster and looser-growing form of dwarf boxwood. Useful for formal hedges.

	10	100	1,000
10 to 12 in. (see cut foot of page).	\$3.00	\$25.00	\$200.00

### **sempervirens suffruticosa.**

*True Dwarf Box*

Dwarf grower, with very dark green leaves. A most beautiful plant for edging walks and flower-beds. Hardy and may be trimmed any shape.

2¼-in. pots.....	\$1.00	\$7.00	\$60.00
4 to 6 in. 3 year, extra bushy.....	2.50	18.00	150.00

### **CHAMAECYPARIS lawsoniana.**

*Lawson Cypress*

This is one of the most beautiful conifers, forming usually narrow pyramidal trees densely furnished to the ground with branches. Hardy as far north as New York and in sheltered positions to Massachusetts.

1½ to 2 ft. B. & B.....	\$10.00	\$75.00
-------------------------	---------	---------

### **JUNIPERUS chinensis albovariegata.**

*Whiteleaf Chinese Juniper*

Light bluish foliage with creamy branches interspersed. Formal pyramid but useful in low plantings.

8 to 10 in. B. & B.....	\$6.00	\$50.00
-------------------------	--------	---------

### **chinensis pfitzeriana.**

*Pfitzer Juniper*

Highly recommended, and perhaps the handsomest green Juniper. Medium to large grower, dense in center, spreading to pointed, feathery, graceful foliage.

2¼-in pots.....	\$2.00	\$16.00	\$140.00
10 to 12 in. B. & B.....	6.00	50.00	

1 to 1½ ft. B. & B. (see cut next page).....	12.50	100.00

## Record performance results in 2nd car-order for Evergreens

August 8, 1928.

"I have been wanting to write to you for two or three months, regarding the Pfitzer Junipers which we bought from you this spring. Of the 500 plants which we received, not a single one to our knowledge, failed to grow. This we believe to be quite a record, and we thought you would be interested in knowing of it.

Most of the plants were planted in the field and did not have any rain on them for two weeks. The better specimens were selected out and healed in for retail sales. We were so well pleased with this stock that yesterday we ordered another car from you."

—Ohio Nurseryman.

In the dark days just before the end of the World War came Hugonis and, in the years of prosperity since then, how it has grown in favor! A list of the firms getting velvet profits from it today would be a veritable "Who's Who" in the trade. If you don't offer Hugonis you're not in the running, that's all—which amounts to the same thing as giving away money to your fellow-nurserymen.

A few Hugonis abloom in front of your establishment, with great golden hollyhock-like flowers of clear yellow in early May, will sell more Hugonis for you than your best salesman. The bushes, too, are mighty attractive, even after the blooms are gone, and, once people know you offer this shrub-like beauty, your sales will jump. That's not idle talk, for nurserymen in all quarters are reporting just such results.

Hugonis is dependable—it has proved hardy in all sections of the United States. It is a shrub of many uses; ideal for lawn specimens, excellent in shrubbery plantings and admirable for flowering hedges.

Our supply last year, reported to have been the largest in the country, was not sufficient for the demand. The quantity this year is larger but the quality is better, so "an order today will be the right way" for you to act!

*Rosa Hugonis*—large plants in what is known as the largest block in the country.

2-year.....	2.50	20.00	

● **radicans acutus.** *Sharpleaf Wintercreeper*  
 Similar to the type, but more pointed leaves, lighter in color. A rapid grower and evidently the best Euonymus yet for steep banks as it is a very prostrate grower, showing no inclination to climb, roots at every place it touches soil and would be excellent to hold banks. Turns bronzed in cold weather.

-----------------	------	-------

● **Wm. R. Smith.** *Shrub-Althea*

A splendid giant-flowering variety, naturally forming symmetrical bushy specimens. Glistening pure white flowers like great morning-glories fully four inches in diameter; under ordinary cultivation they open out flat quite different from the older types which only partially expand. Blooms are produced in profusion from early July until late September, and are very conspicuous at a period when comparatively few Shrubs are in flower.

## HARDY PHLOX

One of the most popular Perennials  
Strong one-year field plants

Excellent specimens, really not to be compared with the ordinary. Carefully "rogued," and highly recommended to those interested in a profitable side-line.

Prices, except as otherwise indicated:

\$1 for 10; \$7 per 100; \$60 per 1,000 (250 of a kind at 1,000 rate).

**Champs Elysee.** Rosy purple; very effective.

**Europa.** White, crimson eye. (\$8 per 100; \$75 per 1000)

**Jewel.** Mauve-rose with carmine-red eye.

**Mrs. Jenkins.** Considered best pure white.

**Prof. Schliemann.** Lavender or lilac-rose.

**Rijnstroom.** Beautiful rose-pink.

**Thor.** Salmon-rose, with scarlet glow.

**W. C. Egan.** Lilac, with bright solferino eye. (\$8 per 100; \$75 per 1,000).

<b>PHLOX, Miss Lingard.</b>	<i>Early-flowering White Phlox</i>	
	10      100	
1-yr. field.....	\$1.00	\$7.00

## PEONIES

Well-balanced roots, 3-5 eyes

The Peonies of our Grandmothers' time were wonderful, but modern varieties have far surpassed them, and many of the older sorts are not now grown, because they are unworthy of present-day standards. All of the following are first-class Peonies rated with extreme care by experts of the American Peony Society, with 10 points as perfection. Note the ratings of each variety:

	10	100
<b>Adolph Rousseau.</b> 8.4.....	\$6.50	\$50.00
An ideal red Peony. Early midseason.		
<b>Albert Crousse.</b> 8.6.....	4.50	42.50

Shrubs Cannas   
Lining-out Evergreens

More than guide-posts to profitable buying, these three symbols inspire confidence by marking the source of quality products. They lead straight toward wise ordering. Once a buyer has become familiar with the goods characterized by these trade-marks, he can save his time and his resources, and maintain his standard of quality, by re-ordering from the same source.
